

Instruction Sheet For Item # 788-6X, Hamilton 6-Tier Bookcase

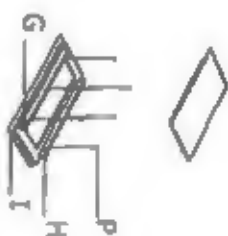

Serial #
602050937-5447

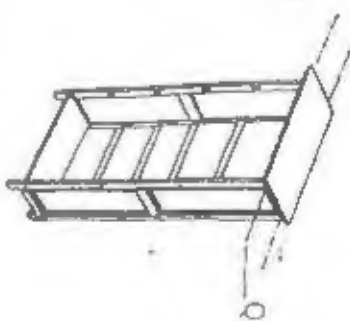

Step 1: Lay the side panels (A),(B) on the flat floor. Then put the lower shelf (C) between them. Loosen screwing the large screws (Q) to fasten them together.

Step 2: Insert the lower back support (D) into the back panel (F). Insert the other back support (E) and the back panel step by step into the grooves and fasten the both sides of the support by the large screws (Q). (Fasten the holes position at the panels.)

Step 3: Fasten the mantel top supports (G),(H) on the mantel top (I) by 6 small screws (P).

Step 4: Turn the shelf upright, put the mantel top and fasten with the large screws (Q) (lock the nuts) and tighten all screws.
